

Sample Speech by Students for their Teachers

Education without teachers is like a body without a soul.

“A good teacher can inspire hope, ignite the imagination and instill a love of learning” , says Brad Henry.

Let’s pick the first keyword over here – ‘HOPE’. A teacher is capable of returning the lost light in a student’s life. Therefore, teachers are the torch bearers who show us the path of success and walk us through the entire path until we achieve something.

Today we all have gathered here to celebrate the presence of those unsung heroes without whom no profession would have existed, our teachers.

It is said that parents give birth to a child, but it is the Teacher who makes sure that the child is not only raised as a tough individual, but also as an ideal citizen.

We students have sometimes made it so difficult for a teacher to survive, especially if we personally find a subject boring, but it is the teacher who has made us learn a lesson which is To Never Give Up. Even if we are disrespectful, intolerant, and sometimes cross all our limits of being bearable, she still continues to motivate us.

What a teacher writes on the blackboard of life can never be erased. The values, the skills and the life lessons taught by them are something we all will hold dear in our lives.

You are the reason behind our dreams and our farsightedness. You have prepared us to become the fittest and the finest individuals. Without your presence we wouldn’t have learnt how to dream.

Thank you for guiding us when we were wrong and being on your toes to get the best out of us, we all are very grateful to have you all as our teachers.

I would like to conclude my speech through a short poem called Teachers by Kevin William Huff that summarizes the role of a teacher in a student's life.

Teachers Inspire a love of knowledge and truth As you light the path
which leads our youth For our future brightens with each lesson your
teach Each smile you lengthen Each goal you help reach For the dawn of
each poet, each philosopher and king Begins with a teacher And the
wisdom they bring
